MONJURUL HAQUE RAJUN

Computer Science & Engineering Undergraduate | Cybersecurity & CTF Competitor | Agentic AI

Computer Science undergraduate with hands-on experience in cybersecurity competitions and security tooling, and a growing portfolio of multi-agent AI projects built with Python, React, and agentic frameworks.

EDUCATION

Uttara University - B.Sc. in Computer Science & Engineering (CSE) *Expected Graduation: Dec 2027*

CGPA: 3.62 / 4.00

TECHNICAL SKILLS

- **Programming:** C, C++, C#, Java, Python
- **Web Development:** HTML, CSS, JavaScript, React, Node.js
- **Databases:** MySQL, SQLite
- **Security Tools:** Wireshark, Burp Suite, Nmap, Metasploit, Ghidra, John the Ripper, Ffuf, Nuclei, Linux/Kali
- **AI & Automation:** LangGraph, CrewAI, n8n, Agentic AI Workflows
- **Version Control:** Git, GitHub, Bash scripting

PROJECTS

Sondhanai - Campus Lost & Found Service *Intra-University Hackathon - Champion, 2026*

- Built a web application enabling students to report, browse, and search lost or found items across campus, reducing time to reunite owners with belongings.
- Won first place among competing teams at the university's Intra-University Hackathon 2026.

Agentic AI Tooling - LangGraph & Multi-Agent Systems

- Developed engineering-team-aiagent and langgraph-agents, exploring multi-agent orchestration and automated task workflows using Python and LangGraph.

Flappy Bird & Countdown App

- Built a Python recreation of the classic Flappy Bird game and a countdown timer utility in TypeScript, applying core programming and UI logic.

COMPETITIONS & ACHIEVEMENTS

- **Intra-University Hackathon 2026 -** Champion
- **Intra-University CTF -** 3rd Place
- **SMUCT CSE Fest CTF (National) -** 10th Place
- **EWU RoboFest CTF (National) -** 12th Place
- **NSU Cybernauts CTF (National) -** 30th Place
- Also competed in Hack The Box University CTF 2025, Junior Crypt 2026 CTF, and Cybercon 25.

CERTIFICATIONS

- Google Cybersecurity Professional Certificate - Google / Coursera
- Certified Cybersecurity Educator Professional (CCEP) - Red Team Leaders
- Ethical Hacking Essentials - EC-Council / edX
- Hack The Box - University CTF 2025
- TryHackMe - Advent of Cyber 2024 & Advent of Cyber 2025
- UK OSINT Community Certification
